From

The FIRST ASSISTANT to the RESIDENT in MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 21st March 1898.

Sir,

In continuation of correspondence ending with your letter No.7945-J.901 dated the 11th January 1898, I am directed to enclose a statement showing the imports of dynamite during the years 1895, 1896, and 1897, to the places marked on the margin, and to request that the Durbar will render assistance in tracing the consumption or disposal of this explosive; an enormous amount seems to be imported to the Bangalore City. It is understood that at Kolar its use has been almost superseded by blasting gelatine.

2. As regards the amount imported for the Kolar Gold Fields and Chitaldroog, the Resident would be glad to know whether dynamite is now used in mines.

I have the honor to be

Sir,

Your most obedient servant

C. S. Erskine Captain,

First Assistant Resident.

To

The Secretary to the Government
of Mysore
Genl & Rev. Departments.

Sir,

With reference to your docket No. 12206-8 J. 1319 of the 28th March 1898, enquiring how the Dynamite imported into Bangalore in 1895, 1896 and 1897 was disposed of, I beg to submit herewith three statements furnishing the necessary information on the subject. It has been reported that the large quantities of Dynamite shewn therein as having been sold by Messrs Parry & Co to Messrs J. J. Leonard & Co were sent by them for the use of the Gold Mining Companies near Kirur and Ajjampur in the Kadur District.

I have the honor to be,
Sir,
Your most obedient Servant.

District Magistrate.

(8)

From

THE CHIEF INSPECTOR OF MINES IN MYSORE.

To

The Secretary to the Govt. of Mysore,
General & Revenue Departments.

SIR,

In reply to your letter No. 12205 J. 1318 dated 28th March 1898, I have the honor to inform you that Dynamite is still used in small quantities in the mines of the Kolar Gold Field and that during the years 1895, 1896 and 1897 10,000 lbs were imported to the Field. The consumption during these three years was as follows:-

1895 — 8950 lbs.
1896 - 1750 "
1897 - 9050 "

and the Stock on the 31st December 1897 was 3300 lbs.

No dynamite whatever is used in the mines in the Chitaldroog District.

I have the honor to be,
Sir,

To

The Secretary to the Government
of Mysore —
Revenue and General Depart[t]

Sir,

With reference to your docket
No 12206-8 dated the 28th March last
J 1319
calling for certain information regarding
the Consumption and use of dynamite
in the Gold Fields, I have the honor to
enclose herewith Copy of letter No 501
dated the 25th ultimo received from
the Superintendent of police, Kolar
Gold Fields on the Subject.

2 The enclosed statement shows the
actual receipts and Consumption of the
explosives in the Gold Fields and was
prepared at my request by the Super-
-intendent of police from the accounts
furnished by the agent of Messrs
Best & Co who are the sole suppliers of
these articles to the Mines.

3 It will be seen therefrom that
only 5000 lbs of Dynamite was imported
into the Fields during May 1897 and none
either in 1895 or 1896, The Statement a Copy
of which was received with the docket
under

X And another
Ltr in Nov. 97.

under a due allowance, does not therefore correctly

represent the import of Dynamite and under that head has been evidently included other explosives used for blasting.

4 ▫ From the Statistics themselves it is therefore evident that the use of Dynamite has been superseded by blasting gelatine and that gelgnite another fulminating mixture has been in principal use in the Kolar Mines Camp.

I have the honor to be

Sir

Your most obedient servant

R Lamont

Sub-division officer in

Office of the Superintendent of Police Kolar Gold Fields

GOVERNMENT OF MYSORE dated 25th April 1898

From Exd 1919 13/a

The Superintendent of Police
Kolar Gold Fields

To

The Deputy Commissioner
Kolar District

Sir,

Your No 3264/1920 of 1897-98 dated 4 April 1898.

I have the honor to forward herewith in the attached statement the information asked for in your letter above quoted.

The particulars were placed at our disposal by Mr C. Bennetto of Bowgany agent of Messrs Best and Company.

15

This agency to stock Kolar's Explosives and to issue same to the mines on the Kolar Fields was established in 1895, previous to which the mining companies received their supply from their agencies in Madras and Europe.

The total receipts of these Explosives for the years 1895—1896 & 1897 were:—

Dynamite . .	10000 lbs.
Blasting gelatine . .	1483500 lbs.
Gelignite	22500 lbs.
Total	1516000 = 758 tons ÷ 2000 lbs

The stock in hand on 31st March last was:—

Dynamite	900 lbs
Blasting gelatine	81650
Gelignite . . .	3700

A ton of explosives is equal to 2000 lbs — and 40 cases each of 50 lbs equals a ton.

Blasting gelatine has for

The

the past five years superseded dynamite as a general explosive on this field as it is proved stronger than dynamite and more safe though more explosive of the three classes of Gelatè explosives referred in the State-ment of summary of receipts & sales.

The chief consumers of dynamite are the Coromandel, Mysore West and Mysore, Wynad Consolidated Companies and the Mysore Reef companies. The latter is also known as the Bisnaattam mine and on British territory which however receives its stock from Bentota Magazines constructed in the Gold Fields.

Blasting gelatine is used by all the companies on the field while Geliginite is used by the Mysore mines only, their average consumption being about 700 lbs per month.

The magazines are about 3/4 of a mile away from the Gold Fields mines very strongly constructed and guarded by four military pensioners without arms and daily visited by the Police.

17.

6) It is suggested, however, that this guard be armed with carbines & bayonets against any attack.

(signed). D. A. Ballard.

Sir,

With reference to your docket No 13585/1417 of the 21st Ultimo and two subsequent reminder No 14194-95/1468 dated the 29th Ultimo enquiring how 2500 pounds of dynamite imported from Madras by Mr W. J. Bush and Mr J. Young was disposed of, I have the honour to state that Mr Young is reported to have gone to Madras, and that it is not possible to get the required information until his return. The Amildar has been directed to obtain the information as soon as Mr Young returns and it will be duly communicated when received.

2. The Amildar of Honnali reports that no one by name Mr Bush was ever in

Komcali, and that no one else imports
dynamite.

No. 4134 & 1 / 1221 Kolar, dated 7th June 1898.
Desp 8th.

To.

The Secretary to the Government of Mysore
General and Revenue Departments.

Sir,

Adverting to your office docket no. 15228/1559 of the 20th May last, and this office no. 3962/1175 dated the 27th idem in reply thereto, I have the honor to submit herewith a statement showing the actual quantity of Dynamite imported, and sold by Karpakala Ramiah of Chintamani, since the time the license was granted to him.

2. It will be seen therefrom

that he has made no imports of Dynamite since June 1892, and this fact was inadvertently omitted in this office letter No. 3746/1117 dated 7th ultimo.

3. Ramiah did not import 200 of Dynamite in June 1895, as stated in the account furnished by the Resident's office. A pass was no doubt issued by the Resident's office to Messrs. Seshachala Chetty and Son of Madras, for this and other items of ammunition; but the whole of the quantity covered by the permit does not seem to have been obtained, and this fact was reported to the Police Superintendent by the Amildar of Chintamani on

29-9-95.

4. In his statement before the Amildar

Amildar, Ramiah deposed that he had a stock of dynamite still left with him in June 1895, and that he made no application for the supply of dynamite in that year. It is difficult to understand why Messrs Seshachalu Chetty (and Sons) should apply to the Resident for a pass, if Ramiah did not really indent for this material. Messrs Seshachalu Chetty and Sons say that they keep no accounts to show what quantities were applied for or were supplied by them, and it is not possible to say whether Ramiah did or did not apply for 200 lbs of dynamite in 1895.

5. It is to be regretted that no reference was then and there made to the Office to the difference discovered, on check, between the quantity Consigned

Consigned
with a Chest named in the permit.

I have the honor to be
Sir
Your most obedient Servant

[illegible]
Asst District Magistrate
Kolar.

GOVERNMENT OF MYSORE

No. 166-20 / 1647 dt 18-6-98 Rec 5.

To The First Assistant to the Resident in Mysore.

SECTION Police

FILE No. 61 & 97

SERIAL No. 16

Sir,

Adverting to your letter No. 1478 of the 21st March 1898 enclosing a statement showing the imports of dynamite to certain places during the years 1895, 1896 and 1897 and requesting the assistance of the Durbar in tracing the consumption or disposal of this explosive, I am directed to forward ~~the~~ copies of statements submitted by the Dy Commissioners concerned and embodying the necessary information so far as the same is available.

2. Of the lists received from the Bangalore District the one relating to Messrs Parry & Co exhibits an item of 9100 lbs not shown in the statement received with your letter under advertance. Of the quantities shown

shown in the latter, the Dy Comm: has accounted for all but 77 lbs. The large quantities of dynamite shown as sold by Messrs Parry & Co to Mr Leonard and others are reported to have been sent by them for the use of the gold mining companies near Bisir and Ajjampur in the Kadur Dy. The difference in dates noted in the remarks column is ~~unimportant~~ being due, ~~it is presumed~~, merely to the fact that the Dy Comm: refers not to the date of the import license, but to the actual date of receipt by the Consignee.

3. The statements ~~for~~ furnished ~~loaded~~ by the Kolar Dy Comm: show ~~that~~ that only 10,000 lbs of dynamite in all (5000 lbs in May 1857 and another 5000 lbs in Nov: 1857) were imported

imported by Messrs Best & Co.
the Kolar Gold Fields
during the period in question.
The Dr Commr suggests that
other explosives used for
blasting purposes may have
been included in the State-
ment forwarded by you.
If this is not so, the Durbar
would be glad to be favored
with additional particulars
with a view to further
enquiries being instituted.
In the next place
~~And I~~ that Karpakala
Ramiah ~~declared~~ reported imported
any dynamite since June
1892. On this point it is
reported that though a
pass was issued by the
Resident to Messrs Sesha-
chala Chetty & Sons of Trichy
for the 200 ~~lbs~~ of dynamite
shown against the month
of June 1895, ~~the whole~~
~~of~~ this quantity was not
obtained, that Ramiah
denies having made any
application in 1895, and
It ..

that Messrs Seshachala Chetty
& Sons have kept
accounts showing the quan-
tities applied for or supplied.

3. Of the two gentlemen
entered against the Chital-
drug District one viz Mr.
Spring has been ascertained
to belong to Honnali in the
Shimoga Dt, the Dt Magis-
trate of which reports that
out of the 500 lbs imported,
430 lbs were consumed in
blasting rocks and 70 lbs
remain on hand. The
Correct whereabouts of the
other gentleman, Mr. Bush,
have not yet been ascertained,
as he is reported to be neither
at Harihar ~~not~~ nor at
Honnali. The Dt Commr
of Chitaldrug has been again
asked to make further
enquiries, the result of
which will have to state be
communicated to you in

due

due course.

4. As regards the use of dynamite in mines the statistics furnished ~~would appear to~~ show that it is being to a great extent superseded by blasting gelatine in the mines of the Kolar Gold fields where the consumption of dynamite for the years 1895, 1896 and 1897 was respectively only 8950, 1750 and 9050 lbs. The Chief Inspector of Mines reports that no dynamite whatever is used in the mines of the Chitaldrug district.

Dated Bangalore, 19th July 1898.

SIR,

Referring to para 3 of your letter No. 16520-J.1647 dated the 18th ultimo, I am directed to state that no other explosive than dynamite was referred to in the statement relating to the Kolar Gold Fields that was furnished with my letter No.1478 of the 21st March last. In now enclosing a statement of all kinds of explosives, for the export of which to Messrs Best and Co's Magazine at the Kolar Gold Fields licenses were issued from time to time during the years 1895, 1896 and 1897, I am to say that no information is available in this office as to the actual quantities that were imported under the licenses referred to, copies of which were duly furnished to you for information and communication to the District Magistrate concerned. The Resident will be obliged if you will kindly cause further enquiries to be made in the matter and the result communicated to him.

2. Colonel Robertson will also be glad to know whether the stock, sales, etc of Messrs Best and Co

are

are regularly checked on the Gold Fields; and on what basis the statement relating to the Kolar Gold Fields, received with your letter was drawn up.

121

Office of the District Magistrate
of Kolar, camp Bowringpet
Dated 28 July/98
29th

To

The Secretary to the Government
of Mysore, Revenue
Departt.

Sir,

Adverting to your official Memorandum
No 1170/1118 dated the 22d instant forwarding copy
of letter No: 3651/5497 dated the 6th idem from the
First Assistant to the Resident in Mysore,
I have the honor to state that I
had the accounts of the Firm of Messrs Best
and Co: at the Kolar Gold Fields, carefully
gone into during my recent inspection tour
in that part of the District.

2. The statement which was submitted
with this office letter No 3746/1117 dated the 7th
May/98, has, I find, been correctly prepared
and it gives the actual quantities which
were

were imported and sold by the Firm during the years 1895, 96 & 97. As however the whole of the quantity of explosives for which export licenses were obtained from the Resident, has not been imported, there is a large difference between the actual quantity shewn under the head "Receipts" in my statement and that furnished by the Resident's office.

3. Messrs Best & Co seem to have obtained licenses for exporting large quantities of explosives, but to have imported only such small consignments as were actually required for sale on the fields. Under cover of one and the same license, several consignments have been imported at intervals of a week or a fortnight, for a period of 3 months, i.e., till the expiry of the license.

4. As a case in point I beg to enclose a copy of the license granted by the Resident in September last. Of the total

quantity mentioned therein viz, 30 tons of dynamite, 75 tons of gelatine and 5 tons of peligrite, 3000 treble detonators, 450,000 sextuples & 50000 Coils of fuse, only 2½ tons of dynamite, 52½ tons of gelatine, 89200 sextuple detonators and 48100 Coils of fuse, were imported in 6 or 7 consignments between the 1st October & 31st December 1897. This accounts for the fact that the aggregate quantity imported has fallen considerably short of that covered by the permits. Under the rules in force the export licenses should have been applied for, for such quantities only as the firm actually wished to import into the Kolar Gold fields at any one time.

5. Adverting to para 2 of the Resident's letter, I beg to state that the accounts are being checked by the police from time to time and the statement in question was prepared from the accounts maintained by the Agent of Messrs Best & Co, at the Kolar Gold fields. I have arranged for a regular and systematic check

Check in future of all imports as soon as received and of stock in hand at stated periods.

I have the honorable
Sir
Your most obedient servant

H P Nuttall

Shimoga

Nyanti 1st August 1898.

To

The District Magistrate
Shimaga District
Shimaga.

Sir,

In reply to your No 246/50 dated 29th Ultimo, regarding Dynamite received by me in February 1897, I have the honour to inform you that the amount received as endorsed at back of licence No 326, was only 4 cases, of 50 lbs each, or 200 lbs in all. Messrs Wilson and Co always applied for licences to export large quantities of explosives than were actually sent, because as the licences extended over a period of 3 months, it was always possible, I believe, to send a further supply under the same licence. But as a matter of fact in no case have we had a 2d consignment under the same licence.

The Dynamite and other explosives received from time to time was used for mining purposes. Mr W. J. Bush —

/(who is now dead) was an assistant of mine and I imagine the dynamite under reference, was forwarded in his name, owing to my being away at the time of their application for license.

Of the 200 lbs received a small balance is still on hand.

I have &c.

Sd/ J. Young

Agent for Wilson & Co.

Commissioner's office -
Dated 11th July 1898.

To

The District Magistrate
of Chitaldrug.

Sir, With reference to your no.
546/J118 dated 29th June 1898, requesting
to furnish certain information as
regards the disposal of the large
quantity of dynamite shown against
the name of Mr. W.J. Bush I have
the honor to report that on an
examination of the invoices filed
in the Harihar Railway station, it
is clear that no consignment of
Dynamite was received in Harihar
either from Madras or Bangalore
up to date. I was informed by the
Maisty of the Traveller's Bungalow at
Harihar who was once in Mr. Bush's
employ that she was never in
Harihar but that Mrs. J. Bush
passed through the place on the
23rd April 1897. The Maisty's statement
is herewith submitted. It will be
seen

+(2000 lbs) × dynamite

seen therefrom that Mr J. Bush resided in Kudaiekonda, Honnali Taluk of the Shimoga district.

according to the statement submitted with the D. Magistrate's letter No. 1617/432 of 14th Oct. /98 20,32,000 detonators appear to have been imported into the Kolar Gold fields during the year 1897. But the 4 licensees with his letter under reply aggregate 21,65,000. and it is not clear why one of the licensees should have is probable that license No. 4549 which was issued from the Residency on the 11th Dec. /96 covers a quantity of detonators

actually imported by
the close of that year,
which should therefore
have been eliminated
from the figures for
1873 in the statement
above ref. to. The
point should be
cleared up and a
full explanation
[illegible] without the least
[illegible] the
possible delay, as the

From The Assistant Superintendent of Police, Kolar Gold Fields

To The District Magistrate Kolar.

Dated 16th April 1899.

Despatched 17 —do—

Received

General No. 1109
No.

Enclosure No. 6

His docket No: 3999/2967 dated the 10th instant asking to explain the discrepancy pointed out by the First assistant to the Resident in the 2nd para of his letter No: 6562/279-85 dated 8th December 1898 regarding the number of detonators of all kinds imported during the year 1897, and that for which licences had been issued by the Resident in that year.

In submitting herewith a statement showing the

the correct numbers for which licenses were issued and those actually imported, has the honor to state that according to the existing practice, a license is applied for according to the estimated requirements, but generally the number actually imported is less.

No explosives mentioned in license No: 45-49 valid from 11th December 96 to 31st March 1897 were imported before the close of the year 1896 as may be seen from the detailed Statement showing the quantities imported, furnished by Mr. Bennetts.

The undersigned is at a loss to know how the figure 200.000 was arrived at, as each license covers the importation of more than double that number.

Begs to state that licenses were granted for the importation of 315.000 Treble and 1850 000 Sextaple detonators during the year 1897 and that no Treble detonators were imported but 2032 000 Sextaple detonators or 182 000 more than the aggregate No: of that kind covered by the licenses, have been imported.

Sir, Dated 6/5/99

In continuation of para 4 of this office letter No. 16520 (5 no 22) J 1647 dated 18th June 1898, I am directed to state that on further enquiries being made, it is ascertained that Mr. Bush who is now reported to be dead, was employed as an Assistant to one Mr. J. Young, agent to Messrs Wilson and Co, at Kudere-Konda, Honnali Taluk, Shimoga District & that the actual quantity of dynamite imported by

by them was 200 tns. of which the greater portion was used for mining purposes, and only 6 cwt. a small quantity being on hand. A copy of Mr. Young's letter (S.No 34) dated the 1st August 1898 to the District Magistrate of Shimoga is herewith forwarded for perusal. It is regretted that this information was not communicated earlier through oversight.

I have etc

10,

The Assistant
to the Resident in
Ongs
12628 Kingsale
J/578 dated 6/5/99
re
Jan/99.

In reply to your
letter No. 6562/279-85 d/
the 8th Dec/98 and
subsequent reminder
No. 530 of the 7th
Feb/99 stating that
detonators of all
kinds imported into
the Kolere Gold
Fields during the
year 1897 amounted
to 2,032,000 while
the quantity in

subject of which
licenses had been
issued by the Resr.
in that year was
only 2,00,000, and
requiring how the
deficiency was
imported I am
desired to invite
attention to the
subjoined details for the year 1897
taken from the Regr-
kept in this office of
licenses viz
- this Agency from
the Residency from time to time.

	Rebb Salt	Excise	
1897. April	5,000.	4,50,000	- Note 45,000 as mentioned in the statement read with Residency letter No. 353 dated 19th July
June	5,000.	4,50,000.	——— Ditto -
Sept.	5,000.	4,50,000.	——— Ditto
Dec.	5,000,	4,50,000.	——— Ditto

Total of all kinds - 18,50,000

The statement furnished with from letter No. ~~3351~~ 54-97 of the 19th July 98 also shows that 4 licenses as above were issued during the year although the date of issue of the last mentioned license is stated to have been in Oct. which according to the Police Report above refd. to Atra in Dec. Barring this discrepancy the total number of detonators of all kinds covered

on the 4 licenses
applied for in 1897 amounts
to £18,20,000 according
to both the Reg- and
the statement above
referred to, and it
can only be surmised
that the total was,
2,00,000 given in figures
below under reference was
arrived at by
inadvertently taking
the number of six-
-tuple detonators under
each of the 4 licenses
at 45,000 instead
of 4,50,000, as shown
in the margin.

Sextuple detonators. 45,000 × 4 = 1,80,
Treble – do – 5000 × 4 = 20,
2,00,

with the quantity
imported during the
year account has been
taken of the first three
licenses above ref.d to
as well as a fourth
dated the 11th Dec.r /96
No. 4549. as the imports
made under the later
license also fell in the
year 1897, while license
No. 5422 of the 18th Dec.r
/97 had the effect of
account as the imports
under it were made in the
succeeding year. The total
number of detonators
under these 4 licenses
(copies attached for ready
reference) amounts as
follows:—

Treble-	3,15,000.
Septuple-	18,50,000.
	21,65,000.

The actual number
imported during 1897 was

2032,000 of single duty-
cottons and nine of the
Triple kind. While therefore
1,82,000 more of the former
kind were imported, their total imported
number was 1,33,000 less
than the total quantity
of both kinds authorised
by the licenses in question.
3. An explanatory
statement received from
the D. Magistrate Kolaba is
enclosed. I have &c-
